**All items can be purchased from my store: [www.stampingjo.com/store](http://www.stampingjo.com/store)**

## Measurements:

- Tangelo Twist card - 5.5" x 8.5"
- Blackberry Bliss layer - 4" x 5.25"
- Smoky Slate - 3.5" x 4.75" and 2" x 5.5" and scraps for layered pumpkins & leaf

## Instructions:

1. Stamp two pumpkins and a leaf on scrap of Smoky Slate card stock and cut out with Fun Fall framelits/Big Shot. Stamp two pumpkins on and olive leaves along bottom and outside edge of Smoky Slate card layer. Stamp ghost in white craft ink on left side of Smoky Slate card layer. Stamp "Boo to You" with Blackberry Bliss ink in top right corner.
2. Stamp pumpkins in a "stack" on Smoky Slate strip, starting at the bottom and leaving off the stems of first two pumpkins. Stamp faces onto each pumpkin using Blackberry Bliss.
3. Punch top of Smoky Slate strip (pumpkin stack) with Tag Topper punch. Add Tangelo Twist ribbon. Fold strip backwards just under top pumpkin. Bring the folded edge to the bottom of the strip (covering the bottom pumpkin and press down for the second fold (accordian style). Sponge the top of the strip with Smoky Slate to look like gravestone.
4. Adhere the bottom back of the strip to the front of the card. Adhere the two cut-out pumpkins to the front of the card using Stampin' Dimensionals, allowing the edges of the pumpkins to overlap the "gravestone"). You should be able to pull the ribbon to allow the pumpkin stack to expand. Adhere all layers to card.
