Instructions:

1. Fold the Midnight Muse Cardstock. It helps to pre-score using the Stampin' Trimmer or Scoring Tool.
2. Lay all 3 pieces of Whisper White Cardstock so that they are evenly stacked from largest to smallest.
3. Hold the pieces in place firmly or add a bit of adhesive on the back as you stamp the images on the whole stack. If a piece should shift - put it back where it was before stamping again.
4. Note: the stamps aren't going to stamp smoothly over the seam where paper edges meet - this is OK - the next step will cover up the blemishes.
5. Adhere each of the stamped Whisper White layers to their cardstock mat with SNAIL Adhesive. The largest piece of white will get mounted directly to the card while the other two will be bordered with Marina

Mist and Midnight Muse Cardstock.

6. Once you've matted each section, adhere all of the sections together with SNAIL Adhesive.
7. Cut out the Silver Glimmer snowflakes using Snow Flurry Die, adhere together with glue dot.
8. Attach the jumbo pearl to the center of the snowflakes.
9. Stamp "Merry" in Marina Mist Ink on the scrap of Whisper White Cardstock - punch out with the Extra-Large Oval Punch and sponge Marina Mist ink on edges. Attach to the card with Stampin' Dimensionals.

Supply List:

Snowflake Soiree (wood #127922 /cling #127925)
Extra-Large Oval Punch #119859
Marina Mist Ink Pad #126962
Midnight Muse Ink Pad #126860
